

THE CAPELLA WEDDING  
PERSONAL, INIMITABLE, UNFORGETTABLE.

*Breathtaking surroundings. Brilliant cuisine. Personalization to the last detail.  
Capella weddings are designed to live on in the memories of all who participate.*

We call it YOURS TRULY  
~ the Capella approach to customized celebrations.

*An expert team, headed by your Celebration Specialist, takes care to imbue every detail,  
pre- and post-wedding, with your personal touch, so that your day is a true reflection of you.  
From the arrival of your guests to your first kiss as a wedded couple and the festivities to follow,  
each moment is deftly choreographed according to your wishes.*

*We invite you to consider three distinct Capella wedding destinations, each offering  
unique wedding and honeymoon experiences for the fortunate couples who choose them.*

*Begin your life together amid dramatic natural  
beauty, in a place where the boundless ocean  
suggests eternity, and time slows to the  
rhythm of waves against rocky spires. Set on a  
secluded cliffside above the Pacific,  
Capella Ixtapa specializes in intimate,  
meticulously planned weddings with the accent on  
privacy and personalization. A range of ceremony  
and reception venues includes a private cliffside  
terrace, where the majesty and mystery of the  
surrounding ocean provide the perfect ambiance  
for celebrating your union. For your honeymoon,  
Mother Nature could not have crafted a more  
romantic setting.*

through Pedregal Mountain, which forms a natural
